PHOTOGRAPHY

The photo shoot will take no more than 1 hour. We will be photographing both the inside and outside of your home including all of the major rooms. We normally do not photograph the garage unless it has special features.

If there are any features of the home that are not obvious, please let us know so that we can include them in the shoot.

Please keep pets in the garage or out of sight.

Remove all vehicles from driveways and do not park directly in front of the house. If garbage cans are visible please remove them so they cannot be seen from the street. Remove all garden tools including hoses and sprinklers - mow and rake yard.

Sweep or blow off driveways, sidewalks and patios.

Clear off counter tops in the kitchen and bathroom areas.

Remove photos, notes and papers from the refrigerator.

Turn ceiling fans and televisions off.

Please de-clutter rooms that may be excessively furnished - they do not photograph well.

Make all beds and tidy bedrooms. Make sure all clothes are hung up or out of sight.

Place all indoor trashcans out of view in a closet or cupboard.
